GENERAL INFORMATION

- **APPLICATION**

Items displayed in our sample books and our memo samples represent the intended application of the fabric face. Any deviation will be at the customer's own risk.

- **CAUTION**

Topical aftermarket treatments added to any item may alter the performance, quality, color or hand of the product will affect the product warranty. Greenhouse Fabrics will not accept responsibility for any items treated beyond the regular finish applied at the mill. Exposure to animals or use for unintended purposes will affect the product warranty.

- **MEMO SAMPLES**

Memo samples are available upon request at no charge, and may be ordered online at greenhousefabrics.com or through our customer service department by calling toll free at 866-755-5000 from 8am - 6pm (EST).

- **MINIMUM ORDER**

The minimum order is 1/2 yard.

- **ORDERING**

Please give all information at the time of ordering, including pattern number with color, plus any special package markings or shipping instructions.

- **PAYMENT TERMS**

Greenhouse Fabrics accepts Visa, MasterCard, Discover Card, American Express, check-by-phone, or UPS-COD as methods of payment.

- **PRICES**

Prices listed are retail prices and are subject to change without notice.

- **PRODUCT CHARACTERISTICS**

Variations of color, width or repeat may occur on some items. Products are not guaranteed against color fading, shrinkage or unusual wear unless otherwise specified.

- **RESERVES**

Items placed on reserve can be held for 5 business days before the reserve is cancelled and the product returned to stock.

- **RETURNS & CLAIMS**

Please inspect all items for correctness including but not limited to pattern number, color, quantity and quality upon delivery and prior to cutting. Items cannot be returned for credit after any kind of alteration.

- **SAMPLE BOOKS**

All sample books remain the sole property of Greenhouse Fabrics and are to be used only by our authorized agents.

- **SHIPPING & DELIVERY**

Credit-approved orders for in-stock cut yardage received by 3 p.m. (EST) normally ship the same day. Orders are shipped via UPS Ground Shipping unless specified otherwise. Any special shipping and handling charges are at an additional charge.

- **WEBSITE**

View current product information, availability, pricing, and place orders 24 hours a day, 7 days a week, 365 days a year at www.greenhousefabrics.com

LEATHER

ORDERING LEATHER

• LEATHER CARE INSTRUCTIONS

Under normal usage conditions, regular dusting and vacuum cleaning in crevices is all that is necessary to clean your furniture. Remember that exposure to excessive sunlight and heat may cause the leather to fade or lose its soft, supple hand. Try to avoid these conditions and remember to add humidity in dry conditions.

SPOTS & SPILLS

Wipe excess liquid up IMMEDIATELY with a clean, absorbent cloth or sponge. If necessary, use clean, lukewarm water only and let air dry naturally. If water is used, clean the entire area where the spot occurred. DO NOT dry wet areas with hair dryers or artificial heat.

STUBBORN SPOTS & STAINS

Use a mild NON-DETERGENT soap solution. Apply soap to a clean, wet sponge and wash, then rinse well. Let the area air dry.

BUTTER, OIL OR GREASE

Wipe excess butter, oil or grease off the leather with a clean, dry cloth. Leave the area alone as the spot should dissipate into the leather in a short period of time. Do not apply water or try to wash such spots.

DO NOT USE

Saddle soap, cleaning solvents, furniture polish, oils, varnish, abrasive cleaners, detergent soaps or ammonia water.

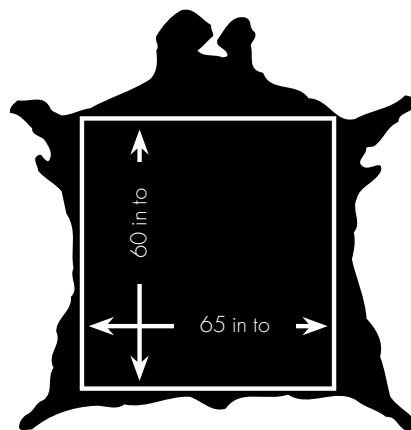

NOTE: These are suggested methods of cleaning, but the manufacturer is not responsible for damage incurred while cleaning. You may want to consult a professional before attempting to clean leather. Because leather is a product of nature, markings in the hide may include healed scars and scratches. These are characteristics of full top grain hides and do not lessen the wearing quality or beauty of the leather.

ORDERING LEATHER

Yardage to Square Foot Conversion

(Based on fabric width of 50"- 54")

1 yd.	=	18 sq. ft.
2 yds.	=	36 sq. ft.
3 yds.	=	54 sq. ft.
4 yds.	=	72 sq. ft.
5 yds.	=	90 sq. ft.
6 yds.	=	108 sq. ft.
7 yds.	=	126 sq. ft.
8 yds.	=	144 sq. ft.
9 yds.	=	162 sq. ft.
10 yds.	=	180 sq. ft.

FIRE CODES

- Please check with your local fire marshal if needed, for your specific fire code needs specific to your area and job application •

• FIRE CODES

UFAC (Upholstered Furniture Action Council)

This test is often referred to as the (Cigarette Test) because the purpose is to classify the fabric on it's propensity to resist cigarette ignition when tested in combination with a standard foam cushioning material. The candidate fabric is used to cover small pieces of a standard foam cushioning material. The test pieces (fabric over the foam) are placed on a small test rig, simulating a chair back and seat. A lighted cigarette is placed in the crevice where the back and the seat of the chair meet. To intensify the heat, the cigarette is covered by a piece of cotton sheeting fabric. This test records the extent of vertical burning (char length) on the back section of the seat assembly and whether or not ignition occurred.

CAL 117 (California Technical Bulletin 117, Section E - CS 191-53)

The California Technical Bulletin 117, Section E requires testing in accordance with the same procedure as CS 191-53. Using this method, a 2" x 6" specimen is placed into the tester situated at a 45 degree angle. The surface of the test specimen is touched by a 5/8" long pencil-thin flame for a period of 1 second. The rating criteria is either "Pass" (Did Not Ignite) or "Fail" (Ignites).

NFPA 260

Standard Methods of Tests and Classification System for Cigarette Ignition Resistance of Components of Upholstered Furniture

NFPA 701 (Small Scale Standard for Flame Tests of Textiles)

Draperies, blankets, bedspreads, quilts, mattress ticking, sheets, upholstery fabrics, wall hangings, outside coverings. This recently revised test places the fabric specimen in a vertical position while a test flame is held to the lower edge for 12 seconds before the flame is removed. The test requires that any after-flame must be extinguished within 2 seconds of the removal of the test flame, that no flaming drippings touch the test chamber floor, and that the char length be limited according to the weight of the fabric.

NFPA 701 (Vertical Burn)

12 second ignition, sample size 3.5" x 10", maximum flame time 2 seconds, maximum burn length specified, no drop to floor.

• MISC. FIRE CODES

FAR 25.853 (b)

Aircraft: floor covering, draperies, seat cushions, upholstery, padding, decorative, and non-decorative coated fabrics, etc.

MVSS #302 (Motor Vehicle Standard)

This protocol currently is in use by the automotive protocol currently is in use by the automotive industry for fabrics used in vehicles. The fabric is placed in a horizontal position and allows the test flame to burn at one end. As the fabric burns away from the test flame it is gradually relieved of the heat and combustion front until within a distance of 1.5 inches from the flame. The test measures flame spread from a point 1.5 inches from the flame to 11.5 inches from the flame. Any flame spread that is 4 inches per minute or less is acceptable.

MVSS #302 (Horizontal Burn)

Sample size 4" x 14", maximum 4 inches per minute burn rate.

CLEANING CODES

- Cleaning Codes are established by the Joint Industry Fabric Standards Committee •

DC • Dry clean ONLY.

S • Spot clean only with a water-free dry cleaning solvent.
• Do not saturate or use water.
• When cleaning a spill, blot immediately to remove spilled material.

W/S • Spot clean with upholstery shampoo, foam from a mild detergent, or a mild dry cleaning solvent.
• Do not saturate.

W • Spot clean only with a water based shampoo or foam upholstery cleaner.
• Do not oversaturate or use solvents to spot clean.
• Blot immediately to remove any spilled material.

X • Clean only by vacuuming or light brushing with a non-metallic, stiff bristle brush.
• Do not use water or solvent based cleaner.

FLOCK FABRICS • Spot clean only with a water based shampoo or foam upholstery cleaner.
• Do not over wet, or use solvents to spot clean.
• Use cautious agitation or rubbing while fabric is damp, as flock fabrics are sensitive to pile distortion and texture change with too much agitation.
• Use extreme caution if using a professional cleaning service.
• Allow to dry at least 24 hours before use after cleaning.

SIB • See Inside Back of sample book for cleaning instructions.

NOTE: Pretest a small, inconspicuous area before proceeding with any step below. Clean spots or stains from the outside to the middle of the affected area, to prevent circling. Cushion covers should not be removed for laundering or dry cleaning. Hot water extraction or steam cleaning is not a recommended method of cleaning. Pile fabrics may require brushing with a nonmetallic, stiff bristle brush to restore appearance. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, stiff brush to remove dust and grime is recommended. Overall cleaning by a professional furniture cleaning service only is recommended.
